Submission: Objection

Comments: I wish to object to this planning application in the strongest terms Apart from the fact that it will harm my business, as I own a large restaurant on The Broadway, I am not happy about several other factors The kitchen of my restaurant backs onto Rose Place & with extra people using the area, I am concerned about the security of my premises Also, there have been numerous complaints by myself regarding the refuse left unattended by residents in the area of Rose Place I believe that this proposed business will create more refuse, whether by the business itself or by the public, leading to potential health risks, due to mice, rats etc I have a pest control contract but don't see why my business should be subjected to even more potential pest problems Also, Rose Place is an extremely narrow passageway & I don't believe that extra members of the public should be encouraged to use it, as it is the only access point to this proposed business & may cause safety issues for residents / businesses who already park their cars or drop passengers off Finally, I don't understand why 4 containers need to be used for this venture - it appears to me to be excessive just to sell burgers & may give me the impression that a full A3 licence will be applied for

I trust that my objections will be taken into consideration & that this planning proposal be turned down licence will be applied for in due course
